Hello world !

My name is GUILLAUME PLANTEAU, Founder & director of Basket Aventures. In 2007, after playing Pro & Semi Professionnel basketball during 20 years, i decided to create Basket & Aventures, a non profit organisation dedicated to the youth education around basket-ball. I always loved to coach kids when i was a player, i started it when I was 15 years old and was one of the youngest coaches to get the National Coaching 1st degree diploma in France when i was 19. I always spend my time in the summer in different Basket-Ball camps in different countries and coached teams of any ages and level....

Basketball took me from France to USA for playing College basketball, to Scotland for the european championship when I was coaching the Women Monaco national team U18, to the top Elite camp for national players in Spain, to many places and experiences that make who I am today and build my vision of the world... I could never been more thankful to B-Ball and life for that and I hope I can share it with the youth now !

Travelling is a source of inspiration for me, for many reasons and, as a young athlete I had the chance to travel the world and experience different ways of living and learning a lot of things and not only in basket-ball !

The goal of basketAventures is to melt kids & coaches from all around the word and teach them different ways to learn basketball. Throughout our passion, our goal is to developp each kid potential, not to make him the best player in the world but to help him developp the best he can and becomming him a better person at the end. Self confidency, Self evaluation, pushing the limits, be the best teammate, the best leader possible, all those values we try to enfocus during camps will be helpful in our kids future life !

Thanks for joining our program, you are part of it now and I hope it will benefit your kids like it has been for me and for all the kids we welcomed before. In France we say : « Travelling developp your youth ». We run basketball in differents countries (France, Germany, Spain, Serbia, USA, Senegal, Belgium, Switzerland, Monaco, Greece...) and we receive more than 40 differents countries during our programs !

We also run a caritative project in Africa call « BasketAventures in Senegal » since 2015, each kids participation also as Shop sells during camps help raising money for that project. We go to Senegal and run free work out and bring balls, uniforms, cones... Thanks for that also !

I speak fluently French, Spanish and english so if you need any help before, during and after camps to not hesitate to reach me !

Best regards
